RE: Missouri Sunshine Law Request – Magruder Asphalt Plant Project

Dr. Ramey,

The City of Wright City received your email request on July 1, 2026, seeking information on privilege log & the basis for the M-1 use determination (50 Roelker Road). Your request is set out below in italics with my responses to each in red. Note that to the extent your questions involve legal interpretation or potential remedies, as the City Clerk I am not able to provide legal opinions or advice. You may wish to consult private counsel if you need assistance evaluating options. With that said I will try to assist you the best I can.

1. A privilege log for every withheld record — date, author, recipients, general subject, and the specific statutory basis — so the claimed exemption can be identified and, if needed, reviewed. A public body that denies access must, on request, cite the specific provision of law under which access is denied (§610.023.4 RSMo). - *There are no documents related to this request. Chapter 610 RSMo., commonly referred to as the Missouri Sunshine Law requires the City to make available specific public records which the City has retained, but does not require the City to create records, answer questions, or make legal conclusions or determinations to decide what records are sought.*
2. Any non-privileged staff report, zoning interpretation, administrative determination, or written finding identifying the code basis under which the use was deemed permitted in M-1 — produced with only genuinely privileged legal advice redacted (not withheld in full). - *There are no documents related to this request. Chapter 610 RSMo., commonly referred to as the Missouri Sunshine Law requires the City to make available specific public records which the City has retained, but does not require the City to create records, answer questions, or make legal conclusions or determinations to decide what records are sought.*
3. If no such non-privileged record exists — that is, if the determination rests solely on advice of counsel — I respectfully ask the City to state that in writing. Either answer resolves my question. *Chapter 610 RSMo., commonly referred to as the Missouri Sunshine Law requires the City to make available specific public records which the City has retained, but does not require the City to create records, answer questions, or make legal conclusions or determinations to decide what records are sought*

If you have any questions regarding this response, please feel free to contact my office.

Regards,

Abbie Ogborn
